## A Home for the Holidays

We are pleased to announce that **Community Bank is once again matching contributions to Habitat!** From November 10, 2006 until January 31, 2007, Community Bank will match individual donations made to Habitat of up to \$1,500.00.

We truly believe that God put this 11<sup>th</sup> year partnership together with Habitat, the community donors and Community Bank. The blessing just keeps getting better every year.

To have your contribution matched, you may take your donation to one of the three Granbury area Community Banks or mail it to Habitat using the enclosed envelope to HFH of Hood County P O Box 1866 Granbury TX 76048.

With this incredible support the 35<sup>th</sup> Habitat House in Hood County was dedicated December 9, 2006. Thirty-five families who formerly lived in substandard housing now have a decent **Home for the Holidays** - and for the remainder of their lives.

We thank each and every one that has contributed in any way to this ministry. We couldn't build homes without you!

Matching your  
donations to HABITAT this  
holiday season.

### HELP US, PLEASE

Habitat for Humanity of Hood County is an all-volunteer organization. We have no paid staff and no office so that we can devote the resources you give us to providing simple, decent housing for God's people in need.

If you no longer have an interest in Habitat's ministry, it will help us keep our mailing expenses down if you would let us know that you no longer wish to receive this newsletter.

Simply call 817-279-0113

or send us an e-mail to:

# Habitat and The Carpenters Club

Our Habitat homes are built by faithful volunteer workers. However, we also need *Symbolic Carpenters* who will provide the finances to purchase the building materials on an ongoing basis.

--- And thus ---

## *The Carpenters Club*

Habitat is inviting individuals, clubs, groups and businesses to join with our present supporters to become part of this ministry, by joining "The Carpenters Club".

Members contribute \$100.00 each time a Habitat house is started in Hood County.  
You may choose to contribute for 1,2,3 or 4 houses each year.

God's men & women, joined together for special tasks can solve huge problems and accomplish great goals.

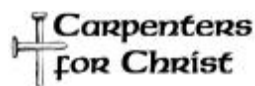

**Help us build by becoming a *Symbolic Carpenter!***

### **Habitat's Mission**

*Habitat for Humanity works in partnership with God and People from all walks of life to develop communities with people in need by building houses so that there are decent houses in which every person can experience God's Love and can grow into all that God intends.*

For more information or questions please call Phyllis Anderson, Chairperson, at 817-579-1198 or Habitat at 817-573-2812.

If you would like to join today, please mail in the Carpenter Club form on page 7.  
Thank you! Your gift is tax deductible.

## A Circle of Love

Habitat reminds me of a “circle”.....it has no beginning and no ending. Within that circle is the activity generated by countless Habitat for Humanity volunteers building homes for low-income families.

Actually, there is a process that takes place prior to the physical construction of Habitat homes and it begins with a “3”-Day application opportunity for low-income families to apply.

The Selection Committee and Public Relations Committee worked closely in developing the application announcement flyer and other media tools to be distributed through many of the outreach programs, churches, organizations as well as the news media. These two committees have created some very impressive “eye-catching new material” to “blitz” the community in getting the application information out to more people. Take a look at it in this newsletter .....and pass it on to a family you think may be a possible applicant candidate; **the next “3”-Day application opportunity will take place in January.**

The selection process is a very difficult job and it takes special dedicated, compassionate but yet professional volunteers to select qualified families. They assist applicants with their applications, verify document information from the maze of required paperwork for each family, and disqualify families with incomplete paperwork, insufficient income or over-qualified income and other miscellaneous reasons. The Selection Committee does home visits on prospective families, which gives them first hand knowledge to the living conditions and do further cuts accordingly. These home visits are very revealing and at times heart breaking.....the need for decent, affordable housing for some of these low-income families is enormous. Prayer is most essential to this committee as they seek the Lord’s will in their selection.

The Selection Committee prepares and presents a profile of each family they recommend to the Habitat Board of Directors. The families are not identified by name. The Board then selects the new families from the profiles provided to them. The Selection Committee notifies the families that they have been officially selected and the families not chosen are notified and encouraged to try again the following year.

The following volunteers serve on the Selection Committee:

David & Linda Dowell  
Sherrie Templeton  
Donna Haynie  
Jose Rodriquez  
Jo Shaffer  
Joanna Gentry  
Misty Blount  
Liliana Torres  
Lena Noyola  
Kathleen Thorton

The following volunteers serve on the Public Relations Committee:

Nita Mitchell  
Phyllis Anderson  
Aurora Petersen

The next process is handled by The Family Support Committee (FSC.) They are the main contact between the affiliate and the newly selected families for a Habitat home. The new families are welcomed to Habitat and given an overview of what will take place according to when their home is scheduled to be built and what is expected of them. Prior to this meeting, the FSC recruits a couple or a person to be the Family Support Advocate (FSA) for each family. The FSA is invaluable not only to their assigned family but to the FSC and the affiliate as well; the FSA are encouraged to try to bond with their

families by working on site with them if possible, to call just to see how things are and if they have any questions and to attend the four “mandatory” Homeowner Education Workshops (HEW) with their assigned families.

The FSC sets up and conducts the four mandatory HEW meetings spaced over a period of a few weeks for these families and their FSA.

- Orientation/Data Collection/Sweat Equity Contract
- An actual hands on work day building a home where they can meet some of the volunteers and to work on a Habitat home and end with a Budget Workshop after lunch
- Social Services Workshop
- Another hands-on work day plus a Home Maintenance & Stewardship of home presentation by one of our crew chiefs.

The presentations are all pretty intensive and the focus is on the required 300 Sweat Equity hours each family must work on their home or another Habitat home. These hours must be completed before the family can move into their home. Working on Habitat construction helps them to understand the construction of their home and the importance of taking care of their home inside and out becomes more of a reality.

The Family Support Committee members are regular construction volunteers which gives them an opportunity to know and work with the families. So much is involved in working with these families and you never know what situations may arise and you deal with them as they happen.

Most of these families are dealing out of their comfort zone in things that we take for granted, so it is important to be alert and insightful to areas that need attention, understanding, but at the same time as volunteers are there to support these families and hopefully help them to be self-sufficient and grow in confidence. We do not want them to become dependent on Habitat.

The Support Advocates encourage their family when needed; help with house dedication plans and with transfer or setup of utilities if needed. We encourage their attendance at the final closing and to continue communication with the family after dedication.

The following volunteers serve on the Family Support Committee:

Kathy Gwinn  
Aurora Petersen  
Nita Mitchell

The following volunteers serve as Family Support/Advocates:

Wayne Hagood  
Jon & Jane McConal  
Kim Spencer  
Billie Henderson  
Mary Lyn Martin  
Sara Seals  
Bill & Jo Shaffer

A Habitat thank you to all the committee members in this article as well as “all” volunteers who work in all facets of Habitat.....especially the “behind the scenes volunteers.” We also thank everyone for their monetary support and their prayers. It is this revolving dedication from hand to hand....creating gifts from the heart for our fellow-man that completes....

### Thank You!

Glenn Campbell along with his wife Cristy, set up a Golf tournament fundraiser for Habitat! Bechtel Power Corporation sponsored this gathering in October. Players from across the United States came out to play and to give to our affiliate! Players donated \$440.00 and Bechtel Power made a match, total of \$880.00 will go into our general fund, to buy much needed building supplies.

We thank you for your generosity and showing your support to many families that are in need of a decent house to call home.

**CARPENTERS CLUB**

THE "Carpenters Club" is a faithful group of 126 people who show their love & concern for those in need by contributing \$100 each time a Habitat house is started in Hood Co. (11 of them prefer to remain anonymous.)

## Why do Volunteers Volunteer?

Volunteers are the lifeblood of many charitable organizations. This is especially true for Habitat for Humanity of Hood County (HFHHC) since there is no paid staff. Volunteers are needed for lunches, committees, mailing the Newsletter and of course construction. This fall I have made an effort to find out why these folks are coming out to help build a house.

The Habitat name is one reason. Habitat has a reputation for helping others and what could benefit someone more than a new house? Some of the “new” volunteers have volunteered at other Habitat affiliates and wanted to continue to do so. Some have worked on construction projects through their churches and decided to come out. One man is in the construction business and comes out to apply his skills. Others wanted something to do after working most of their lives. The reasons go on and on.

How do they hear about HFHHC? Once again there are various ways. Many come after hearing about Habitat at their church or a member of their church is one of the future homeowners. One couple that is in Hood County temporarily met a homeowner. Many have seen the volunteer list in the Hood County News. As mentioned earlier, some of the volunteers have volunteered in some other city and want to continue their service. The reasons people volunteer are as varied as the homeowners. We are happy they volunteer and thank God for each and every one of them.

Jeff Jeffcoat  
HFHHC Board President

## Attention Direct Depositors!

Several persons are donating to Habitat regularly by "direct deposit" or electronic funds transfer from their account to ours. We think we know who some of those persons are, and have included their names in the list of contributors. There may be others who are unknown to us.

Privacy rules prevent banks from disclosing names of these depositors to us. When we receive bank statements of our accounts, the statement shows the amount of money deposited by funds transfer, but not the names of the people from whom it came. As a result, those donors do not receive thank you notes or tax statements from us.

If you are one of our donors by funds transfer, please call Carol Davidson at 817-573-8480 or Susan Meche at 817-573-1626, and let us know who you are and the amount. We want to be sure your money is going into a Habitat account.

Please be assured that we appreciate your donations, even if we don't know who you are!
