

Habitat for Humanity Needs You

**We're looking for
a few good people!**

**Join us to find out how
Habitat for Humanity really works!**

Habitat Committees

PUBLIC RELATIONS COMMITTEE

People who can write articles for newsletters, and who would like to work with local media are needed for this committee. Persons interested in volunteering to serve on this committee may also speak to church groups and other groups and organizations about our projects and our mission. This committee also needs people who can help with public awareness and fundraising events in the community. People on this committee help the affiliate "get the word out."

FAMILY SELECTION COMMITTEE

This committee is made up of people willing to interview and work with families who have made application to be a partner family with Habitat. These people will also check to make certain that the applicant families meet the criteria established by Habitat for homeownership. Working with the Family Support Committee, you will find certain joy in making what seems an unobtainable dream come true for some of these families!

FAMILY SUPPORT COMMITTEE

People who have good "social/people" skills to work with partner families both before and after construction to be sure that the families know what is required in the area of sweat equity, to provide a record of that time requirement, and to help in the transition of true homeownership. These sponsor/advocate/friends may also help the families in the areas of budgeting and home maintenance.

SITE SELECTION COMMITTEE

People who are interested in identifying potential sites for construction are needed. This includes working with local government officials on acquiring land and lots for building, water and sewer hookups and working with the building committee to be sure lots are "buildable" for a house that is suitable for a partner family. Those who like to dabble in real estate would be natural members. Others welcome too!

BUILDING COMMITTEE

People who have an interest in and may have knowledge of home construction. This can include surveyors, architects, people who know building codes, carpenters, concrete workers, plumbers, electricians, utility people, and building supply people. There is a lot to know about building houses. If you have any knowledge at all, or if you would like some on-the-job training, please join us!

VOLUNTEER LUNCH COMMITTEE

The people who serve on this committee help organize and contact churches, organizations, businesses, and other volunteers to provide lunch to volunteers working on the houses on Wednesdays and Saturdays. This committee also needs people who can set up time and help serve lunch to the construction volunteers.

**If you are interested in volunteering, please call 817-573-2812 or
send an e-mail to: execboard@habitatofhoodcounty.org**

Please pass along this information
if you know someone in Hood County who might be interested in volunteering.
